

Day 1. (Sep 20)

- Venue: Biomedical Research Institute (1F), SNUH

09:30 - 09:50	Registration and opening Remark	Sung Yong Cho (Course director)
	Congratulatory address	Seung-June Oh (Chairman, Dept. of Urology in SNUH)
	Congratulatory address	Ill Young Seo (KSER President)
Stone Expert Meeting 2019 in Endoluminal Endourology 1		Moderator: Ill Young Seo (Korea) Panels: Jong Jin Oh (Korea), Chen-Hsun Ho (Taiwan), Jose Benito A. Abraham (Philippines)
09:50 - 10:10	Challenge in Endoluminal Endourology with urinary stone	Takaaki Inoue (Japan)
10:10 - 10:30	How we make the RIRS a simple, easy and safe operation	Lin Cheng-Chia (Taiwan)
10:30 - 10:50	RIRS for Calyceal Diverticular Stones	Anil Shrestha (Nepal)
10:50 - 11:10	Stone formation & Basic Research	Kazumi Taguchi (Japan)
11:10 - 11:15	Moderators' comment	
11:15 - 11:25	Coffee Break	
Stone Expert Meeting 2019 in Endoluminal Endourology 2		Moderator: Lin Cheng-Chia (Taiwan) Panels: Joo Yong Lee (Korea), Dong Sup Lee (Korea), Dong Q Nguyen (Vietnam)
11:25 - 11:40	PCNL keep going smaller - does it change our practice?	Wonho Jung (Korea)
11:40 - 11:55	Supine PCNL in Vietnam: 2 year #pronexit	Dong Q Nguyen (Vietnam)
11:55 - 12:10	Conflicting issues in Endoluminal Endourology	Kyungtae Ko (Korea)
12:10 - 12:15	Moderators' comment	
Luncheon Seminar		Moderator: Kyungtae Ko (Korea)
12:15 - 13:00	Mid watt laser lithotripsy & BPH enucleation	Woo Jin Bang (Korea)
12:15 - 13:00	Meet the experts (limited people)	Olivier Traxer (France), Khurshid Ghani (US)
Live/ Semi-Live talk I : Urinary Stone & Endoluminal Endourology		Moderators: Hyung Keun Park (Korea), Hyung Joon Kim (Korea) Panels: Deok Hyun Han (Korea), Lo Ka Lun (Hong Kong), Takaaki Inoue (Japan)
13:00 - 13:30	[Semi Live] RIRS with new technology	Olivier Traxer (France)
13:30 - 14:00	[Live] mini-supine PCNL / ECIRS	Sung Yong Cho (Korea)
14:00 - 14:30	[Semi Live] RIRS in the era of new laser system	Khurshid Ghani (US)
14:30 - 14:50	Coffee Break	
Stone & Technology 1		Moderator: Kyung-Jin Oh (Korea) Panels: Kwang Taek Kim (Korea), Wonho Jung (Korea), Hsiang-Ying Lee (Taiwan)
14:50 - 15:05	Pop-dusting using high power/frequency Holmium laser during RIRS	Deok Hyun Han (Korea)
15:05 - 15:20	Ways to reduce radiation exposure during stone surgeries	Bum Soo Kim (Korea)
15:20 - 15:40	Innovative method for PCNL; focusing on the tract formation	Shuji Isotani (Japan)
15:40 - 16:00	Comprehensive Management for Staghorn Stone	Manint Usawachintachit (Thailand)
16:00 - 16:05	Moderators' comment	
16:05 - 16:15	Coffee Break	
Stone & Technology 2		Moderator: Anil Shrestha (Nepal) Panels: Juhyun Park (Korea), Seung Soo Lee (Korea)
16:15 - 16:35	Advancement in Holmium Laser Technology and its surgical applications	Khurshid Ghani (US)
16:35 - 16:55	Thulium Laser Technology and its surgical applications	Olivier Traxer (France)
16:55 - 17:10	What should we do with the left-overs? Management plan for residual stones	Sang Hyub Lee (Korea)
17:10 - 17:25	My tips and tricks that I want to share with endourologists	Kisoo Lee (Korea)
17:25 - 17:30	Moderators' comment and discussions	
Dinner & Endourology night with current status of international research and multicenter DB in Korea		Facilitator: Hyung Joon Kim (Korea)
18:10 - 18:20	ETS's future	Sung Yong Cho (Course director)
18:20 - 18:40	How can we use #UroSoMe and international networking?	TEOH Yuen Chun Jeremy (Hong Kong)

Day 2. (Sep 21)

- Venue: Biomedical Research Institute (1F), SNUH

09:00 - 09:10	Registration and opening Remark	Sung Yong Cho (Course director)
	Congratulatory address	Dae Kyung Kim (KCS President)
State-of-the-art in BPH surgeries		Moderators: Seung-June Oh (Korea), Toshiya Shitara (Japan) Panels: Dong Q Nguyen (Vietnam), Ohseong Kwon (Korea)
09:10 - 09:30	Tips and Tricks of Thulium Laser Enucleation of Prostate	Chen-Hsun Ho (Taiwan)
09:30 - 09:50	Endoscopic enucleation of prostate, multiparametric MRI Vesical Imaging-Reporting And Data System	Lo Ka Lun (Hong Kong)
09:50 - 10:10	HoLEP or BipoLEP, what is your choice for BPH refractory to medication?	Nguyen Ngoc Chau (Vietnam)
10:10 - 10:15	Moderators' comment	
10:15 - 10:25	Coffee Break	
Live/ Semi-Live talk II : BPH & Endoluminal Endourology		Moderators: Dong Gil Shin (Korea), Young Sam Cho (Korea) Panels: Dong Sup Lee (Korea), Nurbek Monolov (Kyrgyzstan)
10:25 - 10:55	[Live or semi-live] Bipolar enucleation of prostate	Seong Jin Jeong (Korea)
10:55 - 11:25	[Video] Laser enucleation of BPH using 120W MOSES technology. (Appropriate usage of the high power laser)	Toshiya Shitara (Japan)
11:25 - 11:40	Sphincter-saving technique during HoLEP	Seung-June Oh (Korea)
11:40 - 11:55	New comers in BPH surgeries; Aquablation, Rezum, iTINT etc.	Kang Jun Cho (Korea)
11:55 - 12:00	Moderators' comment	
Luncheon Seminar		Moderator: Tae Hyo Kim (Korea)
12:00 - 12:50	How hematuria grade during lithotripsy affects surgical outcomes of RIRS?	Juhyun Park (Korea), Jungyo Suh (Korea)
12:00 - 12:50	Meet the experts	Toshiya Shitara (Japan), Khurshid Ghani (US)
Expanding Horizons in Endoluminal Endourology 1		Moderators: Chong Tsung Wen (Singapore), Jose Benito A. Abraham (Philippines) Panels: Manint Usawachintachit (Thailand), Hun Joo Lee (Korea)
12:50 - 13:10	Multipuncture PCNL: How I do it.	Islah Munjih bin Ab. Rashid (Malaysia)
13:10 - 13:25	Ureteral stricture; detection and management	Ho Song You (Korea)
13:25 - 13:45	Current trend and progress in stone management in Kaohsiung	Hsiang-Ying Lee (Taiwan)
13:45 - 13:50	Moderators' comment	
13:50 - 14:00	Coffee Break	
Expanding Horizons in Endoluminal Endourology 2		Moderators: Khurshid Ghani (US), Seung Hyun Jeon (Korea) Panels: Nguyen Ngoc Chau (Vietnam), Sang Hyub Lee (Korea), Islah Munjih bin Ab. Rashid (Malaysia)
14:00 - 14:20	One-surgeon basketing technique in URS	Shinsuke Okada (Japan)
14:20 - 14:35	How to use ureteral access sheath in an efficient and safe manner?	Kyo Chul Koo (Korea)
14:35 - 14:50	Application of Robot in Stone surgeries	Young Eun Yoon (Korea)
14:50 - 15:05	A simplified approach to upper pole access PCNL and its efficiency in treating staghorn calculi	Jose Benito A. Abraham (Philippines)
15:05 - 15:10	Moderators' comment	
15:10 - 15:20	Coffee Break	
Endoscopic management of Urothelial Cancer and Ureteral Stricture 1		Moderators: Olivier Traxer (France), Shinsuke Okada (Japan) Panels: Hak Min Lee (Korea), Hyeong Dong Yuk (Korea)
15:20 - 15:35	Advances in endoluminal imaging for detecting UTUC	Kyung-Jin Oh (Korea)
15:35 - 15:50	Current trend in endoscopic management of UTUC	Seock Hwan Choi (Korea)
15:50 - 16:10	Experience sharing in flexible URS laser ablation for UTUC	Yao Chou Tsai (Taiwan)
16:10 - 16:15	Moderators' comment	
16:15 - 16:25	Coffee Break	
Endoscopic management of Urothelial Cancer and Ureteral Stricture 2		Moderator: Yao Chou Tsai (Taiwan) Panels: Seock Hwan Choi (Korea), Hak Min Lee (Korea), Do Minh Tung (Vietnam)
16:25 - 16:40	UTUC Kidney Preservation Technique	Hak Min Lee (Korea)
16:40 - 17:00	En bloc resection of bladder tumor - where are we now?	TEOH Yuen Chun Jeremy (Hong Kong)
17:00 - 17:15	Advancements in urinary tract stents and their F/U plan	Won Sik Jeong (Korea)
17:15 - 17:20	Moderators' comment	
17:20 - 17:30	Closing Remark & Next year's ETS	Sung Yong Cho (Course director)
